

Picture your operating room running at maximum throughput while providing optimum patient care...

Acquire the peace of mind with a reliable disaster recovery plan when your CS goes down...

Imagine complete instrumentation trays, 100% on time...

These are just a few of the many benefits MSI provides to its partners

With over 25 years of experience, MSI Surgical Solutions is a state-of-the-art, FDA-regulated, 24/7 sterilization reprocessing facility. Our focus is to partner with healthcare providers to support their need for quality, safety, efficiency and cost-effectiveness with a proven and complete contract sterilization solution. For more information, contact us at 516.496.8822 or visit us at www.msisurgicalsolutions.com.
